Go in groups bigger than the police. They don't like to do things that look intimidating so give them a good glare.

(low estimates of) 10,000,000 million patriots losing their livelihoods and families or 6,000 DC police with a perfectly secure pension?

D.C. vs Heller says they can't legally ban guns anyways. Unconstitutional order. "Police" enforcing unconstitutional orders have broken their oath and are no longer law enforcement, but just hired muscle. They'll try and tell you that you can't have them in certain areas because of a protest, so group up in the areas where you can.

Yeah, don't bring your guns; make sure you're all sitting ducks for the leftists who're going to be armed to the teeth. Remember: BLAMmers are being given a police escort, we're not. That tells you everything you need to know about the deep state's orientation in this conflict.

I seriously hope patriots show up with more firepower and armoured vehicles than the local DC cops.

Name every single friend you're claiming. You're a joke, because I guarantee you're one of those useful idiots who thinks Epstein is Trumps friend and are willfully ignorant.

Is this how you're spending your new year already? How lonely and pathetic.

Not with a vascillating, defeatist attitude, we can't. Our objective is to be so deadly serious and laser-focused that we make *them* back down, not backdown ourselves. We have to be absolutely convinced of the rightness of our cause and our willingness to make it the hill on which we're willing to die. Any question or hesitation and the left wins. It's a staredown. If we don't win this, the left will NEVER give us our country back ever again, because they'll know we won't fight for it.

Tim Tool says the DC mayor will order roads closed and prohibit the carrying of firearms. Wonder how this will play out. I hope the police step aside like they have for BLM. Doubtful though.

DC Mayor has the nerve to say DC is a gun free zone. The 2A says otherwise. This fraud upon our Republic must end on Wednesday. Since the courts no longer follow the law then we no longer have rule of law in America. We don't come to overthrow the Constitution we come to overthrow tyrants who have perverted out Constitution.

I'm vacillating about coming armed because I'm right in the heart of the city and will most likely be searched... but this here is a good idea.

Or just paint the tips of real guns orange. ;)
